SPECIAL MESSAGE OF THE VIRGIN MARY, ROSE OF PEACE, TRANSMITTED IN THE REGION OF LOURDES, FRANCE, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

To My beloved children of Argentina

Dear children:

In these recent times, My Maternal and Immaculate Heart has accompanied, step by step, the social and spiritual situation of My beloved Argentina.

Today, I want to tell you that, at each moment, I have suffered with you the regression that the country has lived in recent years and, above all, I have contemplated the needs that the most vulnerable have experienced, as well as the entire families that have been forced to abandon My beloved Argentina due to the insecurity and the lack of future.

However, many of you remained in the country and, like the apostles in the Sea of Galilee, have faced the hard storm of the country and of all its people.

Argentina is the food provider of the world, and this will never change. This is why, on this day of decisions for each one of My Argentinian children, I want to tell you that, despite the situations of wars and emergencies that the Divinity attends, My Heart of a Mother will be with each one of you, because in the last four years, which were painful to My children of Argentina, your Heavenly Mother closely accompanied the experience and anguish of each son and daughter of Mine.

This is why, once again, My beloveds, I call you on this day not only to invoke the discernment of the Holy Spirit, but I also call you to pray with Me.

Therefore, this Sunday, in a special way, I invite all prayerful beings, and especially My children of Argentina, the Light-Network of this country, to unite in prayer, by praying a Mystery of the Holy Rosary together with the visionaries of this Work.

In this way, My appeal to God will be so that Argentina and all its people may live a greater time of Peace, Justice and Grace, so that the angel of Argentina may have the necessary strength and support of all My children of Argentina so that the country may rise spiritually and materially again, so that harmony, the common good and a fraternal spirit may be the bases that allow the country to recover the hope and peace it has lost.

Today, more than ever, dear children, in prayer and supplication, I will be united to all My Argentinian children, so that you may not forget that I love you and I will lead you to Jesus, so that you may live under His Divine Will.

I thank you for responding to My call!

Who blesses you,

Your Mother, the Virgin Mary, Rose of Peace and Lady of Luján
