Daily Message of Mary, Rose of Peace and Lady of the Most Holy Rosary of Fatima, transmitted in Villa de Dornes, Ferreira do Zêzere, Santarém, Portugal to the visionary Friar Elías del Sagrado Corazón

A great world event

At the doors of the Fatima Sanctuary, all the angels, saints and the blessed experience a great celestial celebration, since one hundred years ago, your Heavenly Mother came here to establish peace and the end of war.

The third secret of Fatima, revealed to the shepherds, represented the end of a cycle and the beginning of another with the call to prayer of the Holy Rosary and repentance through an act of penitence and reparation.

The call was not widely accepted, and only the consecration of Russia to My Immaculate Heart taking place in the 1980's produced a break in the universal dominance of the adversary over the great world and human forces.

If that request of Mine had not been concretized, humanity would have experienced a third war even worse than the previous ones. That consecration benefited the whole world, and peace was able to expand for some time more in all the human race.

In the countdown to an end time, and after one hundred years of prayers, repentance and of penitence of devotees and good believers who embodied the message of Fatima, today, fully into the XXI century, a century full of innovations, modernities and intelligent destruction on the part of human beings, this cycle of peace began to decline, and the great planetary crisis among the peoples and the nations exploded, generating a great imbalance in the scales of the Law.

For the Eternal Father, this meant a new and possible divine intervention so that a worse world imbalance not occur in humanity. Thus, your Heavenly Mother returned to Medjugorje, and for more than thirty years, prepared Europe, Asia and Oceania for the moment they were to face.

On the other hand, given the grave psychic and material crisis the planet is experiencing in these times, which is reflected on all the life of the spirit, the Will of God went further, and He decided that the Mother and ever Virgin Mary would appear in the south of the Americas, in a remote place in the north of Uruguay, to deliver a prophetic and preparatory message, thus indicating what She symbolizes for humanity: the Aurora of the dawn in the life of each being.

So it was that, with all care and, at the same time, with all the difficulties, the Mother of God prepared to respond to the divine request of appearing regularly during a cycle in that distant place of Aurora so that, through strong and symbolic universal revelations, humanity would be able to find a path by which to return to God, and thus be redeemed through the reconciliation that the Heavenly Mother lovingly was offering the world.

After all this, the situation became worse in various regions of the planet, the objective of the adversary was concretized and a great wave of persecution of Christians began. Much innocent blood began to run through the world, and the crisis between religions and cultures became worse up to this time.

Once again, the Mother of the Most High Father came to the world and to humanity to intercede, in a cycle where the precarious situation of the human race is rapidly falling apart.

For this reason, your Heavenly Mother returned to Europe to be present among the multitudes and the Holy Father, on this 13th of May of 2017, which will mark a before and an after in hearts open to the call of Fatima.

Just like a hundred years ago, the Most Holy Lady of the Rosary returns to the world to give it Her motherly blessing, so as to avoid a serious situation for the whole human gender.

The Voice of Heaven is pronounced today through the words of the Holy Father in the Sanctuary of Fatima, as well as with the presence of thousands and thousands of pilgrims that once again show their doctrines of faith and of love for God in an ecumenical and fraternal sense.

It is for this reason that, on this 13th of May, at the doors of the Kingdom of Fatima, your Heavenly Mother will expand Her Divine Consciousness in order that a large part of the planet and of humanity will receive the spiritual, inner and human relief they need so much.

For everyone, this event will mean the expression and the descent of powerful celestial codes which the eternal Virgin Mary, Queen of the Most Holy Rosary, will pour out over the psychic consciousness of the planet, thus generating an epicenter of love and of positive energy for all the world.

It is for this reason that, on this day, your Heavenly Mother asks that each prayerful and devoted heart remain united with Her, so that the greatest number of souls and of needy consciousnesses may experience this event.

For all My children, I leave the warmest vows of service and of union with the Divine Plan.

Let Fatima, as essence of peace, be reborn in all hearts!

Who blesses and loves you always,

Your Mother Mary, Rose of Peace and Lady of the Most Holy Rosary of Fatima
