**SPECIAL APPARITION OF MARY, MOTHER OF THE DIVINE CONCEPTION OF THE TRINITY,
TRANSMITTED TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN**

Dear children,

My Immaculate Heart rejoices when all are with Me, but It also withdraws when souls do not have the inner strength to respond to My call.

Little children, wake up! Wait no longer to serve God. While the world continues on the path of separation between the hearts, the One and Only Father has given you My Heart so that you may imitate It and accompany It in this pilgrimage.

My children, the fortress of your hearts is still not firm in God. This is why I invite you to unite to My Heart, so that the Celestial Kingdom may show you the path. When My Maternal Voice calls you, it is for a special and celestial reason. Therefore, dear children, I hope that next time you are attentive and truly open to be with Me. God is sending His Messengers of Peace to the world for the last time. All humanity must respond so that Grace may permeate the changes that will arrive to the Earth.

Dear children, if in truth My Immaculate Heart were the pillar of peace for your lives, from your hearts would spring a great joy from being in prayer with Me for the humanity that is without God.

My children, today I prepare you to receive the Body, the Blood, the Soul and the Divinity of My Son, who is constantly offended because of the lack of love among the hearts of the world. Therefore I invite you to repair the Heart of Christ and the heart of the world through prayer.

Dear children, all of you must open yourselves as an inexhaustible source of prayer so that humanity may change the actions that are against the Plan of God, so that the Mercy of My Son may act in each heart.

You are now in peace, but what about My other children?

Have you seen the lack of peace in the other hearts?

Out of love, My Immaculate Heart has entrusted much to you. Now you must give a little more and this will begin with the true surrender of each one of you. In this month of April, I hope to find you more awake and persistent in the purpose of the call that My Heart announces to you. In this way, dear children, your prayers from the heart will help Me in My Maternal Mission of Peace.

I expect an appropriate posture from each one of you, as worthy instruments of the Creator.

May in this Easter your eyes ignite themselves with the Light that My Son will radiate to you, out of love for the conversion of each human life.

Persist! Persist! Persist in faith in My Immaculate Heart!

Thank you for responding to My call.

Mary, Mother of the Divine Conception of the Trinity
