SPECIAL MESSAGE OF THE VIRGIN MARY, TRANSMITTED IN THE MARIAN CENTER OF AURORA, PAYSANDU, URUGUAY TO THE VISIONARY SISTER LUCIA

The true awareness of what Life is only comes to humankind through the Spirit of God. My Immaculate Spirit and the Most Sacred Spirit of My Son comes from the Holy Spirit. But today I want to reveal to you that it is not necessary to be originally conceived by this Holy Spirit in order to experience the infinite Graces that Jesus and I experienced 2013 years ago.

The Holy Spirit transforms everything It touches, Its Fire purifies into Light everything that comes near It. The soul that has been touched by the Holy Spirit will never be the same, even during other existences in the Kingdom of Heaven.

The Spirit of God even transforms the spiritual destiny of beings because the one who opens to receive a glorious touch from the Holy Spirit makes a commitment to the Creator to serve Him eternally.

The Holy Spirit is a mystery to the world because It is in everything, and everyone seeks It without knowing how to find It. The Holy Spirit manifests Itself as life-giving Fire and as a superhuman Gift; It manifests Itself as Love that illuminates everything, as Forgiveness that forgives everything, as Peace that radiates to everyone.

The Holy Spirit comes when you least expect It, because at the moment when you least expect It, without losing the permanent aspiration to find It, that is when the heart makes room for the Holy Spirit to enter.

For the indwelling of Holy Spirit to be eternal within beings, the consecration of the soul must also be eternal, the offer of the heart must be eternal, the aspiration to serve the One and Only God must also be eternal.

The Lord deeply knows the heart of His creatures and He knows when His child confirms themselves perpetually in union with His Most Sacred Heart. And it is at this moment that the Lord sends His omnipresent Spirit to find this new home.

Since the heart of humankind is unpredictable, even to themselves, only God knows the truth about the intentions and feelings of humans, about the offers and aspirations. Therefore, the only thing that your beings must do is to be in a permanent offer and to reconsecrate yourselves daily before the Universe of God, with a pure and sincere heart.

Seek without seeking, because this is how it will be without realizing it, and humility, which is the first Gift of the Spirit of God, will come to those who do not know it and have never known it. The Gift of humility is only known by the one who recognizes it in his neighbor because the heart that is truly full of the Holy Spirit is so close to God that it does not notice its own progress and virtues.

This is how Jesus, Mary and Joseph experienced the Holy Spirit. One recognized this Holy Spirit in

the other and realized how many Gifts God had manifested in that family, full of charity and humility, but none of Us observed within ourselves the presence of this Spirit. We admired in silence and in prayer the virtues of the others, and the more we noticed the Love which the other manifested for God, the more our hearts were filled with this Spirit. And in Our simple life, but full of mysteries, the Holy Spirit was manifesting Itself.

Therefore I tell you today that a key to progress is to think only about God and strengthen the virtue of the neighbor, so that you may always grow and develop. Thus, even without realizing it, your spirits will be preparing themselves to receive the Spirit of God.

May peace and harmony reign in each heart.

Mary, Mother of the Divine Conception of the Trinity
