DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED IN THE MARIAN CENTER OF AURORA, PAYSANDU, URUGUAY TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN

Dear children,

On this day, in which from Aurora, you live the renewal and the beginning of a new cycle, I would like to invite you to accompany this new path which many of you were encouraged to walk, the path of the awakening of consciousness and the act of living the Plan of God.

After so many years of instruction, in this meeting, here in Aurora, My maternal eyes, for the first time, observe the steps which some consciousnesses are being encouraged to take for the sake of this humanity and the evolution of this planet.

My eyes see the New Christs emerge from their inner beings, which will not be known, but will be contemplated by the Creation which has guided them since the beginning.

Today, I retreat from Aurora and from this house to rise to Heaven and announce to My Son that part of this inner project is now fulfilled.

I will continue praying, just as in all times, so that My children, determined to love the Plan of God, may have the inner strength of all the angels and archangels of Heaven.

In this time of inner definition and battle, may My beloved children count on the intercession of all the angels of the universe, who will come out of love to help you, whenever you need it.

Seeing the concretion and realization of this Work of Redemption within the hearts is an infinite joy; because from now on the Celestial Father observes from His Kingdom that His smallest and most imperfect creatures open their hearts to finally experience His Divine Purpose, His Holy Will.

Thus you will learn, dear children, to be that to which you so aspire, to be servers of My Son, to be faithful witnesses that it is possible to feel and experience the Love of God and of the whole universe.

The Grace of God has filled you in these days, as spiritual healings have occurred in the consciousnesses in need.

Today, a new spiritual brotherhood is formed among the spirits gathered by Christ for this important mission of being suns that illuminate the end of times, being stars that reveal to the world the message of peace and redemption.

Today, your Mother accompanies you from the sacred Heaven of Aurora and announces that the doors towards Peace remain open here so that, when you return to this House of God, you may re-encounter the essence that has saved you and has formed you as soldiers of the Plan.

Now, go with joy and take the same experience of love and brotherhood which you experienced here, from the first days of August. Transmit the essence of Love and Truth to the vast majority of My children who are asleep in this world.

Do not tire of being My arms and hands on this planet, so that I can work through your small hearts. Do not tire of being My feet, so that I continue sowing Light in this humanity in need.

Lastly, My beloved children, I leave you My gratitude for opening your consciousnesses to the transformation and transfiguration of your lives, because in this pace you can keep the flame of your hearts ignited so that you may be in the plenitude of God all the time.

I have filled your consciousnesses with new Graces, just as My Son has asked of Me. I have left within your essences a greater commitment, which will impel you to experience something divine in your lives.

I poured over Aurora the last part of the Purpose that God asked Me to deposit in this place, and now, all those who are present are participants of this living part of the Plan which little by little begins to materialize.

It will remain as a mission, in this spiritual work, the prompt manifestation of the Auditorium of Mercy which, for the reality of these times, will be the same as the one found here. This auditorium will remind everyone that it will be the house of the Sacred Family.

I hope to see the walls of it raised this year. The foundations of this simple auditorium will be founded by Me and I hope you will accompany Me.

From this Heaven of Aurora, I allow the light of your hearts to shine so that the Father can see that humanity is not lost.

I leave you all My Peace and My Love of a Mother.

I thank you for responding to My call!

Who blesses you,

Your Mother Mary, Rose of Peace
