DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED IN THE CITY OF GOIANIA, GOIAS, BRAZIL, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN

Dear children of Mine,

Every day at noon when this sacred hour is fulfilled in this part of the world, an infinite ocean of Repairing Graces is poured from My Most Pure Heart of Mother.

These extraordinary Graces are the ones that allow to carry out the conversion of heart in this time, and I wish today this announcement to be clear for everyone. Your Eternal Father has allowed Me to let you know how the whole humanity at this hour just thinks about nourishing themselves with the things of the world instead of nourishing themselves with the spirit that the prayer of the heart provides.

Children, go and testify My message. I hope that you can give the example of a life redeemed by My Immaculate Heart. Today I let you know the celestial wisdom, that which has allowed through My intercession to help you and instruct you with maternal love.

For this, children, I need you to open your hearts and recognize the daily Laws of your Father, who always waits for you to enter in truthful communion and in truthful nourishment for your spirits.

As your Mother I lead you to walk through safe pathways so that one day you may find the peace of the heart.

Therefore, My children, let My feet mark your paths so that united to My Heart you may awaken to the importance of seeking the union with the Kingdom of God before anything.

I always bless you and pray for your sacred mission.

I thank you for answering to My call!

Who embraces you with special maternity,

Your Mother Mary, Rose of Peace
