DAILY MESSAGE OF THE GLORIFIED CHRIST JESUS, TRANSMITTED IN REDWOOD, CALIFORNIA,, UNITED STATES, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

Series: The Sequoia trees - Part IV

Within their composition and genetics, the greatness of the Plant Kingdom hold something of vital importance for the rest of the Kingdoms, including the Human Kingdom.

Sequoia trees are formed and created by the matrix of Life. This means that, within all the existing Kingdoms, the Sequoia trees were the ones that were most able to express this code that comes from the science of growth, self-expression and serving.

In this sense, this is what the human being needs to remember each time they are before an element of the Plant Kingdom. To know that the same Kingdom was capable of demonstrating that the genetic code of Creative Life has the possibility of self-regeneration and self-healing, through all the scientific and alchemical knowledge that the Plant Kingdom expresses.

This is why it is the subtlest Kingdom among all the Kingdoms, and, at the same time, the most self-giving to the rest of the Kingdoms, revealing the potential of its healing properties at a cosmic, spiritual, mental and material level.

Within the Plant Kingdom lies a science, still unknown to humankind, that would be capable of resolving and taking care of all human ailments.

The absence of care, protection and respect on the part of the very human being causes the Plant Kingdom to be unable to reveal its healing properties.

I thank you for keeping My words in your hearts!

Who blesses you,

Your Master and Lord, Christ Jesus
