DAILY MESSAGE OF THE GLORIFIED CHRIST JESUS, TRANSMITTED IN ALTO PARAISO DE GOIÁS, GOIÁS, BRAZIL, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

While the universal doors open again today, to help humanity and the planet, My Heart brings you a great spiritual and extraordinary grace, so that your inner beings trustingly, in unity and faith, may be given the impulse to move forward with all that the Hierarchy proposes for the Islands of Salvation, such as are the Light-Communities and Light-Nuclei.

This is the time to be aware and wise, so that in a near future the bases for salvation may be prepared, where the Hierarchy will be able to carry out its last operations and where the souls, most unknown to all of you, may find a spiritual space of love and service, where the results of the effort of each one of My companions will be seen.

Today, you, who are in the presence of the Universal King and the Governor of the Cosmos, have taken a step in degrees of love, and it will be this sacred step of adherence and fraternity that, through Grace, will allow you to assume an important task together with Your Master and Lord, a mission that will watch over the spiritual consciousness of Brazil and all its beloved people.

Let your hearts rejoice! for today you have witnessed for yourselves that it is possible to donate yourself more for a Greater Love that comes directly from the Universe, for each one of you and your brothers and sisters of the planet.

I thank you for having responded to My sacred convocation!

Who blesses you and loves you,

Your Master and Lord, Christ Jesus
