MESSAGE FOR THE SPECIAL APPARITION OF MARY, ROSE OF PEACE AND MOTHER OF THE DIVINE CONCEPTION OF THE TRINITY, TRANSMITTED IN THE MARIAN CENTER OF AURORA, PAYSANDÚ, URUGUAY, TO THE VISIONARY SISTER LUCÍA DE JESÚS

Today, I come from Heaven, uniting the faces of the Rose of Peace and of the Mother of the Divine Conception of the Trinity, to offer to the world that which is most pure in My Heart, that which God deposited in My Consciousness and in My Essence when He created Me, as a part of His part, emanation and extension of His Divine Spirit.

With this, My children, I prepare your hearts for the times that will come because, in the year that will come, your spirits must be strengthened in humility, made one in service, founded in sacrifice, confirmed in surrender and renewed in love. These are the keys that I bring to you today, so that you may not only support the transition of the times, but that you may triumph in Calvary, a victory in the cross of these times.

Today, beloved children, I open My Heart, and from this Heart I let you know about the purity of the origin, the essence of life, the first Love that gave an impulse to its Creator to manifest life, so that in this way you may be filled with the true essence of the existence, not only of humanity, but of all life.

I tell you today that your stories were already written in the Thought and the Heart of God from the origin. The Creator contemplates, with eyes of compassion and hope, each lesson that you live, each error and each triumph, each step and each retrogression.

All the beings of the Earth have upon their paths dual options to choose, because this is the learning of this planet, as of this Universe. You must learn to choose Divine Light, Love and Divine Will, in spite of all stimuli and impulses that lead you to live the opposite.

All the beings of this Universe, when their essences were created, received from the Archangels the Plan of God, the perfect Plan of the Creator for this new life. And they received from the Lords of the Law and from the Angels of Justice and Universal Evolution the path that represented the opposite of their evolutionary steps, a path that is written not to be lived, but to be overcome.

This is so, My children, because before the existence of material creatures, before your lives, even as essences, in the beginning of Creation, there existed spiritual, universal and solar consciousnesses that, with their errors, manifested duality.

This Universe, as a living consciousness and as a part of Divine Creation, must reverse a very ancient error, which today your small minds cannot understand but, even so, you must be conscious of the triumph that you must generate, by means of the renewal of love in your essences.

Your evolution, My children, is similar to a vast beach, where a mere speck of sand can change the destiny of all life that dwells within it. Mysteriously, human evolution is like this, and in this way you must understand that the mystery that dwells in your essences is so immense, profound and

with such a great a potential to reverse the errors of the past, that your hearts get lost within it and do not realize it.

Today, My children, I come to talk to your souls, those which are capable of understanding what I tell you, those which know that, although they are small, hold in themselves a bridge to an Eternal God.

With this, I just want to lead you to an understanding of the vastness of life, so that you do not stay in what is small and superficial in this cycle that comes, but that you enter this definitive year with consciousness, My children, consciousness of the responsibility that you have towards life, not only of this planet, but also in this Universe and beyond it.

It is for this reason that I today deliver to you My Rose of Peace, and I place it in the depths of your hearts. Today, I deliver to you the gifts of My Divine Conception, so that all may awaken to what you were created for, conceived in the depths of Divine Love, and so that you may be consequent with the missions that God gave to you from the beginning.

I love you, with My Spirit I bless you and with My Heart I thank you for responding to My call.

Your Mother Mary, Rose of Peace and Mother of the Divine Conception of the Trinity
