DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED IN THE MUNICIPALITY OF LOS COCOS, CORDOBA, ARGENTINA, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

Dear children:

The spiritual Plan of God always sends to the material world countless impulses of Light that come directly from His Primordial Source.

These impulses that are sent by the Eternal Father through His angelical armies help to awaken the human consciousness, as well as to avoid events that would compromise the spiritual life of the planet even further.

By opening oneself to spiritual life, we can understand these mysteries that arise as impulses of Light from the Supreme Source to align and correct the current humanity.

In this sense, the spiritual Plan of God reaches the Earth, time and again and from cycle to cycle so that souls become conscious of their relationship with God and so that, having been conscious of the inner reality, souls may choose the path of Light.

At this time the spiritual plan unfolds its superior powers in order to help the humanity of the surface walk towards a great definition.

I thank you for responding to My call!

Who blesses you,

Your Mother Mary, Rose of Peace
