DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE MARIAN CENTER OF AURORA TO THE VISIONARY SISTER LUCÍA DE JESÚS???

Children,

So that the human indifference towards higher life not cause humanity to lose the possibility of coming to know and experience this life, those who are awake must redouble their efforts, multiply their tasks and overcome their own limits, every day, so as to respond on behalf of those who ignore the celestial call.

In addition to their own purification and their own weight that they must endure in these times, the new apostles and disciples of Christ must withstand the purification of the planet and carry on their backs those burdens that others who had committed themselves to Christ do not want to bear.

In the Universe, the responsibility of the manifestation of the Plan of God was equally shared among those who committed themselves to render this service. But when they arrived on the planet, with veils over their eyes, their souls became confused, they forgot and remained asleep or imprisoned in their personal likings and in their ways of understanding this Plan.

Children, when a soul that had to fulfill a certain mission changes this mission to adjust it to their own will and their opinion, this, for the Plan, is considered an indifference towards the Truth of the Creator, even if they believe they are serving God.

There are many souls that had committed themselves to the Lord and that, throughout their experiences on Earth, fulfilled in part what God had asked them; but now, in the culminating moment of the Divine Plan, they have become lost in the strong influences of chaos and have cast aside fidelity, exchanging it for superficiality.

I tell you these things first for you to be attentive and always be guardians of the Divine Plan, and also for you to know that the Creator will count on you to fulfill that part of His Plan that was left behind due to human indifference.

May the love to the Plan in your hearts be greater than your self-love so that you can imitate the example of Christ and not only carry your own cross, but let God place upon it the weight of the indifference and ignorance of His Children so that they not become lost but rather have an opportunity to awaken.

The Creator counts on you, children, for a response and a greater responsibility. It is time to serve, to love, and to surrender to the Divine Plan.

Your father and companion on the Evolutionary Path,

The Most Chaste Saint Joseph
