Daily message of Mary, Rose of Peace and Virgin of Schoenstatt, transmitted in the city of Bad Vöslau, Austria, to the visionary Friar Elías del Sagrado Corazón de Jesús

Dear children:

As Mother of Austria and Germany, on this day, I also go on pilgrimage in these lands to dissolve the very serious and sad decisions that were made in the last century, that affected and transgressed millions of souls in the world.

Therefore, children, today My aspiration through this pilgrimage to Slovakia and Austria is to be able to enter into the heart of each Slovakian and Austrian, so that My maternal and divine Love can repair on deep levels what has been kept in the consciousness of My children and that has generated terrible human pain.

As My Son will visit Slovakia to grant it Peace once again, his Heavenly Mother, the Virgin of Schoenstatt, Patroness of this pilgrimage, will be present from the inner planes, working and laboring to dissolve the roots of evil, power and perversion, so that these human actions may be reversed by Mercy, Love and Forgiveness.

Therefore, children, to all who follow Me sincerely in this mission, from here or from any place in the world, I call You, children, to follow the inner steps of the Mother of God, who avails Herself of the present conjuncture of work to help the nation of Austria and especially its Regent Angel.

With the rosary in My hand, My children, I invite you to continue penetrating the powerful mystery of the prayer of the heart, so that not only the souls that suffer the most be helped, but also the nations may be permeated with new values and principles of Love that My Immaculate Heart wants to pour out.

I thank you for responding to My call!

Who blesses you with the Light from Heaven,

Your Mother Mary, Rose of Peace
