Daily Message of the Virgin Mary, Rose of Peace, transmitted in the city of São Paulo, Brazil, to the visionary Friar Elías del Sagrado Corazón de Jesús

The Law is there to be fulfilled, yet souls prefer not to fulfill it and suffer. In this way, they all enter the interminable circle of suffering and despair.

On the other hand, a prayer spoken with the heart draws consciousnesses closer to the living of the Law that protects them always and leads them on the good path.

But humanity has separated itself from the true Law; thus, it is in decline and in some places, on the point of self-destruction. For this reason, in this spiritual battle to conquer the Kingdom in this world, the spiritual Hierarchy makes use of all instruments to generate the expected victory of the universe in humanity.

Universal Laws placate possible human errors, because they stop souls from falling into a sea of conflicts and suffering.

The Law comes to free the world from unpayable debts; and experiencing these Laws is being offered to everyone, without exception, so that no creature lacks the opportunity of reversing their individual or collective process.

As Mother of the Law, I call on My Children to follow Me, in order to generate in humanity a bridge of peace and reconciliation with all the universe and Creation.

I thank you for responding to My call!

Who blesses you,

Your Mother, the Virgin Mary, Rose of Peace
