DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE MARIAN CENTER OF FIGUEIRA, TO THE VISIONARY SISTER LUCÍA DE JESÚS???

Child,

In all things find the Presence of God. Feel His Holy Spirit in all of Creation.

Breathe the Divine Presence in each instant of your life and, in this way, allow the Creator to flood you and take for Himself those spaces of your consciousness that still belong to you.

Be grateful and seek the simplicity of your heart. Be grateful for all situations. Be grateful for the learning you can experience with everything the Creator sends you as a test.

If you see the Presence of God in all things and you understand that He is in all things, you will give permission for the divine Laws to be present in this world and guide the events according to the Will of the Creator. And in this way, child, you will grow a great deal in spirit, for you will no longer be concerned with things happening according to your will, but rather, you will be open to live according to how the Creator provides for your destiny.

Those who are grateful in heart for what they experience will more rapidly achieve union with God and then will be worthy of representing Him in this world, because they will understand as He does and will know how to act as He does. They will know that the Lord does not always send Graces and joy to make a soul grow, but He will never abandon them and will always accompany them in their tests.

Allow the Lord your God, child, to speak to you through the situations in life; allow Him to teach you to love the imperfections that exist in you and in your brothers and sisters; to teach you to be glad for the achievements of your neighbor; to teach you to grow with those at your side. Allow the Creator to open your heart to things that humanity never knew how to love.

This is why I tell you: perceive the Creator in all things, in all those that are around you, in all events. Understand the facts of your life as the Will of God for your growth and be grateful, be grateful from your heart, always.

Your father and friend, Who lives in the fullness of eternal gratitude,

The Most Chaste Saint Joseph
