DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE CITY OF PORTO ALEGRE, RS, BRAZIL, TO THE VISIONARY SISTER LUCÍA DE JESÚS?

Children,

The false power of this world blinds and sickens the hearts of human beings. Those who search for their own power lose faith because they do not know the Power of God.

Each day, My beloved ones, there are before your eyes the visible signs of the decadence of humanity. But those who are not with their consciousnesses on the Divine Purpose can perceive little about the truth, and let themselves be deceived by the superficial and obscure stimuli that influence them from all sides.

The only way for not losing peace and faith in your hearts is to pray. The only way for you to maintain yourselves healthy and in balance, in all levels of your beings, is allowing your consciousnesses to cross the thresholds of the dimensions of matter so that placed on the levels of the spirit, you be able to understand the true meaning of the events of the world and do not allow yourselves to be confused.

Prayer, children, is more than an instrument to reach personally peace. Prayer is what will sustain the spiritual life of the planet and the non-collapse of human consciousness. Therefore, I ask you to pray, to pray much for this moment that you live in.

Pray for the Americas, for the cloud of illusion and of confusion that nowadays obscures the minds and hearts to be able to give space to the clarity of God.

Pray for the unity among beings, and for the desire for power not to take away from you the possibility of loving. Recognize that the true power only comes from the Creator, and for you to be participants of His Kingdom, you must live love and unity, always.

In a few words, I awake you. Listen to Our call with the heart.

May the fear of an uncertain future not confuse you. You must not fear, you must only remain in God.

The one who is in the Father will manifest His intentions in each instance of their life.

I love and bless you.

The Most Chaste Saint Joseph
