**DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE MARIAN CENTER OF AURORA, TO THE VISIONARY SISTER LUCÍA DE JESÚS??**

In order to change the destiny of a nation, there must be a degree of love that transcends the understanding of the mind, a love which is not born from patriotism, but instead, from the absolute adherence to the Plan of God. A love that emerges from the pure feeling of belonging to universal life, to all Creation, and not only a nation, a state, a city, a neighborhood.

Today, children, we call you to experience a love without borders, because humanity has always been raised to love that which they possessed: "their" nation, "their" city, "their" neighborhood, and be indifferent to what was occurring in other countries. And the farther they were, the greater the indifference, because apparently, the lesser would be the possibility of the evil that was infesting that remote part of the planet one day arrive at their homes.

Today, children, we call you to love each human being as part of your own family and to love each nation as if you had come from there and thus, little by little, come to love Creation in a general way, without distinctions between people, cultures or geographical spaces.

This is the only way in which those who are more awakened and conscious will be able to help support the planet and with their love and prayers convert the negative debts of the nations, because if they depended on their own merits they would have disappeared.

It is with the aim of developing the potential of love in your hearts that we ask you to pray for Uruguay, and unite with all your being to the Plan of God for this nation, asking for His Grace and His intercession, before its debts and indifferences.

May your hearts awake to the truth of loving Creation, the Plan, Life, and not just people and the regions of the planet. May each nation receive the opportunity of awakening and place their bread, their experience of Christic Love on the table of the universal communion.

May the different paths which are represented by the different cultures, by the ideologies, the religions, the nations, be united in one path, which is the path of unity and of the love of Christ to return to the Father.

Children, begin by wholeheartedly uniting to the request of your Most Holy Mother and with wholeness of spirit and transparency of heart, cry out to God so that His Light and His Protection may descend upon Uruguay, thus awakening those who should resume their commitments to evolution.

I thank you and will accompany you in this mission, for the institution of the Divine Plan on Earth.

The Most Chaste Saint Joseph
