DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE MARIAN CENTER OF FIGUEIRA, TO THE VISIONARY SISTER LUCÍA DE JESÚS?

Children,

The path of Christification is the path that all those who aspire to the establishment of the Kingdom of God must live.

The new race, the new humanity, is a live manifestation of the Will of the Creator for this project of Earth. To open the path for this race to be able to arise, you must start to live within yourselves the principles of fraternity, charity, humility and love.

I am not saying that these attributes must be perfectly manifested in all human beings for the new race to be able to arise, but rather that all those who remain on Earth have a firm determination to live them until the end of their lives and of their experiences in this world.

When these attributes start to dawn in the horizon of the souls, and the consciousnesses can already express even if a little of this truth, it is when the new world will emerge.

The sacred Archetype of God, that nowadays only expresses itself on the sublime levels of the consciousness and in the interior of Earth, cannot manifest itself in the hearts of the beings who still live the desire of power, lie and manipulation.

It is for this reason that we call you to sow goodness, to live goodness, to live within yourselves the principles of a new life because the purification of Earth is already in course and soon the time will come for the definition of the destiny of this planet.

Wherever there are sincere hearts aspiring to find the truth, there truth will manifest itself. But if the hearts let themselves be conquered by the stimuli of this world and do not make an effort to be worthy to receive the Kingdom of God on Earth, then the destiny of the planet will be another one and the Project of the Creator will take new directions.

Many do not understand or do not want to understand what I tell you not to have to leave the convenience of being how you are and not to have to make any effort to transform yourselves. Therefore, children, I ask you to listen to Me and that you sincerely aspire to follow My words, that you make an effort every day to be fraternal, charitable, humble to awaken in your hearts the Christic love and the unity with God.

When you try to transform yourselves consciously and make an effort every day, the Grace of God descends upon you.

For the establishment of the Kingdom of God on Earth and for the appearance of the new humanity - as an opportunity of the manifestation of the divine Project - go ahead.

You have My Blessing.

Your Father ad Friend,

The Most Chaste Saint Joseph
