DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE MARIAN CENTER OF FIGUEIRA, MINAS GERAIS, BRAZIL, TO THE VISIONARY SISTER LUCÍA DE JESÚS

Christ taught you to love, not only so that you might know and experience Love, but especially so that you might multiply it and take it to all those who do not know it, do not live it and do not have any knowledge about it.

Therefore, after so many impulses, go and give testimony of the Love that has touched your heart. Give testimony of the spiritual and divine Presence of Christ, through your actions, your words, your feelings and your thoughts.

It is in the expression of a new behavior, different from all that humanity already knows; you will make those who are blind be able to see that the Return of Christ is approaching and, with it, a new life.

Your Father and Friend,

The Most Chaste Saint Joseph
