DAILY MESSAGE OF THE GLORIFIED CHRIST JESUS, TRANSMITTED IN CALI, VALLE DEL CAUCA, COLOMBIA, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

Souls go through certain tests when they allow the door to be left open, so that the tests may come, and from that point, the adversary takes advantage of the instability of the consciousness in order to create a series of fantasies and expectations for it, which could be as felt and as real as any other belief or feeling.

At this moment, souls are exposed and are being attacked through thoughts and feelings, which will only try to pull their attention away from the Purpose.

And if the consciousness were not to have enough strength of will, the completely assembled test will drag it, and after the consciousness has experienced what "my enemy" thought up so well, it will release it and leave it adrift, without any kind of inner support.

This is what My enemy is doing with the souls that internally know that they have an undeniable commitment with Me.

At this moment, because of the situation that the mental plane of humanity is going through, there are uncertain doors open, which the Hierarchy needs to constantly close so that souls do not become prisoners of feelings and thoughts that are not their own.

This is why it is necessary to strengthen the inner worlds, so that when those moments come, souls will know how to overcome the attacks, which will come so that they may become stronger.

I thank you for keeping My Words in your heart!

Who blesses you,

Your Master and Lord, Christ Jesus
