

Prayer to the Queen of the Angels

On [September 13, 2016](#), the Virgin Mary said:

"While the doors of Heaven are still opening, I come as your Universal Governor, as Queen and Mother of all angels, at the request of My Beloved Son.

Today I came with all of them, those who started Creation. See them within you. Feel them with your hearts; they are the angels of God that come to the world to bring peace to it, to bring the Mercy of God to all the conflicts of the world. (...)

These holy angels, dear children, are the ones that drew close when the Son of God incarnated through Me. They were the ones that, in the world, prepared the Coming of the Messiah. They were the ones who announced to Saint Joseph that He would be the Father of Jesus, the witness of this great miracle of Love. The same angels that announced to My Mother, Saint Anna, the coming of My Original Purity to the world. (...)

It was these same angels that followed the Passion of My Son; those that, with their own hands, gathered up each spiritual drop which My Son shed through His Holy Blood. (...)

It was these angels that consoled the Heart of your Sorrowful Mother on seeing Her Son flagellated and outraged for the sins of the world. (...)

My beloved children, we will now pray the prayer I have transmitted to you, so the planetary consciousness, and above all, the human consciousness, awaken to this truth."

Holy Queen of the Angels,
Holy Mother of God,
reveal to our souls
the presence of the angels of God
so that, united with them,
we may experience awakening and redemption.
Amen.
