WEEKLY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED IN THE MARIAN CENTER OF AURORA, PAYSANDU, URUGUAY, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

I hear the voice of those who pray for the families of the world and bring, in this new Nativity, the possibility that many more children may again find their inner Christ.

It is the inner Christ that, in this time, will need to rule the life of people, so that souls may be free of conflicts and interferences that My enemy brings about to separate the consciousnesses from God.

Therefore, the inner Christ is the one that inspires peace, brings renewal and the confirmation of inner vows, that hearts must affirm, day by day.

The inner Christ brings awareness of being able to heal the internal life and It builds, within the consciousness, the path of ascension toward the Celestial Father.

In this Nativity that draws near, may all remember the inner Christ, so that its Light and Wisdom can lead you by the hand, toward the fulfillment of the Divine Purpose.

I thank you for responding to My call!

Who blesses you,

Your Mother Mary, Rose of Peace
