**DAILY MESSAGE OF CHRIST JESUS, TRANSMITTED TO THE VISIONARY FRIAR ELÍAS**

May there always remain a great space in your hearts so that My Redeeming Light may be able to enter and prepare a new dwelling for God.

Today with celestial joy and rejoicing I descend in the Spirit of Truth upon these precious hills with the spiritual mission of consecrating Argentina to My Sacred Heart. On this day of Glory the Sacred Hearts will deposit Their Celestial Relics in this place so that a new cycle of Mercy and of Pity may be able to be born in the souls that most need My Spiritual Redemption.

I reunite on this day all of the flocks from different origins and I call them with joy to celebrate with Me the new supper of love and of forgiveness, the supper that will prepare you for My Return, so awaited in all of the universe.

I Pour My Rays of Light upon this Center Consecrated to the call of My Most Holy Mother and I dedicate My special attention to the hearts that with faith and braveness will be encouraged to carry forward the activity of this new space of light and of brotherhood consecrated to the Divine Hierarchy.

My Shepherd Heart is ennobled from seeing the effort of My disciples. Among the tests, challenges and triumphs in the daily life I invite you to walk without fear at My Side because, know that My Steps of light will always indicate to you the moment to proceed or to meditate with wisdom and attention.

Always invoke the power of the Shield of My Heart so that the superior universes may be the guiding star that may illuminate you during the night and may thus protect you. Know that My Heart is with you and that today My Divine Mercy is poured over the whole world, especially upon this, Your Sacred Dwelling of the Celestial Father.

May the Holy Spirit inspire you and may It be your inner guardian.

Under the Infinite Love of God, be blessed.

Thank you for guarding My Words in the heart so that they may grow as light in your little consciousnesses!

Merciful Christ Jesus
