SPECIAL MESSAGE OF THE GLORIFIED CHRIST JESUS, TRANSMITTED AT THE MARIAN CENTER OF AURORA, PAYSANDU, URUGUAY, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS, DURING THE ADORATION TO THE BLESSED SACRAMENT

Child,

I speak directly to your heart, because I know it will always know how to respond to Me.

I am present in all the Blessed Sacraments of the Earth, waiting for many more to decide to know Me in the silence.

If souls truly surrendered a little more to My Heart, I could solve all the problems you experience; but the enemy always articulates its game to confuse those who are Mine; it just has to touch the open wound for the miseries that many experience to begin to show.

Child, you must know that in the Blessed Sacrament, your consciousness will expand, and you will soon know, through Adoration, how to discern My Infinite Will.

Through Adoration, you will be able to feel the path to be trodden.

You will know how to distinguish when I desire that you do some things but not others, when you must be attentive and silent.

Those who risked becoming immediately consecrated to My Heart and proposed to live the vows that daily reformulate selfless life, all of them will have double the work of controlling, in themselves, the needs and ideas that may emerge in their consciousnesses, because a completely consecrated being waits every day for the sign that comes from the Heights.

Of all of them, I will always expect a little more, to the point of their being prepared to seek Me and find Me in their inner heart. In them I pour out My Celestial Graces. By them and through them, when they truly respond to Me, I can work and make life miracles happen.

Now, let your focus concentrate on the power of Adoration; through it many tempests will dissolve, and you will find the remedy to heal spiritual ills.

I became a Living and Glorified Body so that souls, through the Eucharist, where I am always present, could physically unite with the universe and the spring of My Mercy.

In truth, today I suffer for those who are deceived and lose the strength of sanctification. I long to be able to find apostles trained for this end time. They will be sought like sheep among wolves, but My shepherding is true and will lead them on the path of redemption.

Thus, seek Me through Adoration. You will thus be confirming My Presence throughout the Earth, because in Adoration, a bridge of union is established with the Heavens, and the soul communes

with Divine Principles unknown to it, but which are placed in its heart.

When you are alone, restless or weak, find Me in Adoration. My Heart is the Blessed Sacrament for the world, and all must penetrate the dimensions through contemplation. It will be the shield that will free you of all evil. It will be the star that will illuminate the next dark night.

But in truth, the majority of souls are adoring modernities and great electromagnetic discharges hypnotize the lower consciousness. Because of the influence of these involutory means, Heaven cannot open over the dome of each spirit and a great distance is established between matter and the very divinity of each being.

I am observing how many are deceived; the prophecy of the Apocalypse is unfolding with strength and determination over the planet, but only the wise of heart will perceive these things. In them, I place the power of My Trust, but I know they will always be more tempted than those hypnotized.

Whoever concentrates their heart and their gaze on the Blessed Sacrament will not be lost, they will know how to distinguish the seeming from the real and will have spiritual tools to overcome the time of deception.

It will not be necessary to be surprised by what I tell you; this is only a small sample of the current illusion of humanity. No matter how confused the times seem, I am present in all the Tabernacles of the Earth and the soul that thirsts for Me will just come toward Me. In this way, it will not deviate from the path, will be freed from being tempted by the demons of sensuality and pleasure, which in this cycle will be creating sub-levels of malice and of conquest in good souls.

But whoever observes carefully will be able to know and will be able to feel what is correct and what is incorrect. I have the Divine Authority to dissolve all the cruelties of space. It will be enough that more hearts bow down at My Most Holy Sacrament so that, in profound honoring and Adoration, I may uproot the influences of evil and more souls, which die from such a bitter thirst, may be revived by My Water of Life.

These are no longer remote times; they are times of battle. Heaven and hell play for the reign of the Earth. The more temptation, the more the weakness; the more Adoration, the greater will be the unwavering strength of the spirit.

For the consecrated there is no salt other than Me. I am the only complement to life which will not fail you and will not cause you to suffer. For this reason, in seeking the salt of this world, many orders are weakened and buried in the arid sands of the Earth, without finding a way out.

I aspire that those who listen to Me be intelligent. I tell you these things to avoid new falls in you.

Faith will be the instrument of your Adoration and elevation to My Kingdom. You cannot image how many times I have called at the door of hearts and have only seen the results of long passions that blind and distance those who are Mine from My Eternal Heart.

God, your Father, allowed Me to give you these warnings, because you are now ready so that in the next month, seven years of abnormal and infinite Graces will have been accomplished. I say abnormal because only the Virginal Purity of My Mother made it possible to put out seeds in the deserts without water.

Now that many have blossomed through Divine Love, give of your human love so that, through My Heart, it may be purified and sublimated in the Greater Kingdom.

Pay attention; I am not asking you for the impossible; now, in this era, this would be of no use. I come to reactivate the final Message which I once gave in Rwanda. Aurora, the inner dawn, will be the bridge of redemption of all those who once were deported to Earth by God.

I come to rescue the unrescuable.

I come to give life to that which is already dead.

Woe be to those who will not repent! It will be late for them to recognize My Glorious Countenance at the moment of the Return.

While everything happens, seek the spirit of holiness. In this way, you will please Me all the time and I will be able to rest in your hearts.

In Christic Love, I always bless you.

Do not be discouraged, you will be able to do everything through My Heart of Peace.

The Glorified Christ Jesus
