APPARITION OF CHRIST JESUS DURING THE 75th MARATHON OF DIVINE MERCY, IN MANAUS, AMAZON, BRAZIL, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

I am the one who will save humanity in the name of God and will place it on a new level of evolution so that it may receive the opportunity of loving just as I love you, of living just as I live, of fulfilling the works of God as the Father needs and thus bring spiritual healing for humanity.

Behold the One who comes on the white Horse of God and announces the victory of the Cross over all evil, assembles the legions of the Father and gathers them together, calls everyone by their name, just as God called the ancient people of Israel.

Today the tribes are scattered across the world, but the Lord of the Universe, the Son of Adonai, is calling you again in this crucial and definite time because, as you know, there is something to be done for this planet and for its humanity.

Before the hands of the clock of God indicate the last moments of the spiritual amnesty, pray inwardly for the souls that are sleeping. Plead, with the strength of all the love of your hearts, for those who walk in the abysses and in the perversion of these times, for those who transgress the laws every day and also harm and exploit the Kingdoms of Nature.

All of Creation is observing this moment; today the Son of God is not here as a Judge, but as a mediator of Divine Mercy, as the advocate of the souls and essences of the world.

Therefore, may peace prevail at this time so that souls may make the correct decisions and their acts be consistent according to what the Law requires, because still on this day, the Son of the Father, on the white Horse of God, yet holds the pendulum that with all might and power will bring the payment that humanity must experience.

But I died for you, I suffered for you, and endured for you, gave My Blood for each one of you up to the last beat of My Heart. If you honor, adore, and recognize this sacred merit of your Redeemer, the spiritual amnesty will be considered by the Universe. And all the sorrow, suffering, martyrdom, and agony experienced by your Redeemer up to the Cross will compensate for the mistakes made by this current human race.

There will be souls upon the surface of the Earth that will recognize the Legacy of your Master and Lord, they will go beyond the mysteries of God with wisdom, and hearts will recognize within themselves the Christic flame and fire that transmutes, liberates, and forgives everything.

With that fire which I bring you from Adonai, the Son of the Father, on the white Horse of God, comes to announce a time of extraordinary Grace that will be granted for the most hardened sinners, for all the souls that are in the spiritual abysses of the Earth, who lost the path of God which is the path of universal Love. Thus, this Grace is broadly granted by the adherence of good hearts to My sacred and unfathomable Heart.

This white Horse of God, which I ride today, is the white Horse of the beloved Archangel Michael, that united as one single consciousness and essence, we come to defeat the hells of the Earth so that the most fallen stars of this planet may have a moment of awakening and perceive the reality that, at this moment, they are not perceiving or seeing.

The spiritual amnesty is not making the same mistakes again. It is for changing the errors and transforming them, it is for redeeming the human ego and so that the consciousness may be lifted up to the plane of God.

With the power of the Archangel Michael, today I bring you the call of the Father, and from the Celestial Spheres it descends upon the Amazon, so that the Sacred Eden of God, lovingly gifted and thought of for each one of His children, may be protected, and the human consciousness learns to take care of and mainly, to love the hidden treasures which God gave you in this place, and that the indigenous consciousness itself, the sacred original peoples, knows what I am talking about.

Yet that hidden knowledge which comes from God cannot only be known by the Kingdoms or the original peoples. The whole human consciousness of this place and of Brazil must continue to fervently pray, as it has been doing up until now, committing itself to this path of the infinite life of prayer so that everything may continue to be transformed, and that more opportunities and graces may not only be granted to this nation, but also to the whole world.

Today Adonai is with His Book of Light open and with the quill of Light in His hand, waiting to Himself write the decision of His children. It is thus that the spiritual Universe approaches and communes with the material Universe so that souls may have the opportunity of reaching Him through the beloved Son, the mediator and advocate of souls; through the good Jesus, souls may reach the Mercy of God, and so write in that Sacred Book the inner decision that was taken by each one of His children.

But know that this does not end here, you will build that decision in daily life, not only in a spiritual, inner or divine way, you will build that decision through your acts, your actions, in your surrender to life, to the Plan of God, to your peers; because this is the time to offer oneself as an instrument to God, just as many offered themselves throughout human history and were witnesses to the immensity of the Love of God, and how far that infinite Love of the Father may reach, even in the most impossible and difficult situations of humanity and of the planet.

Be committed, in light of this inner decision that you are making before the portals of the Kingdom of God, to be caretakers of the Kingdoms of Nature, to bring relief to the suffering which they experience, to bring love to the pain that they feel, and thus your paths will open, your problems will end, and wisdom will emerge so that you may make good decisions from now on; knowing that there is still much to do, and that you will continue to write this story after this life, because your lives will be that story, part of the testimony of the Love of God, of the redemption that you will experience in this time, even after death.

Thus you will also uplift everyone around you, and although it may not correspond to you to be on this planet in the future, but in other spheres of the Universe, learning more from love and the giving of self, you will know, My companions, to place yourselves at the service of the Plan above all your limitations.

Your spirit may reach higher than it seems and be very close to God, just as His Son is close to the Father. Untiringly search for this closeness to God because then not only your life will be uplifted, transcended, and transmuted but as well, My companions, your families, acquaintances, and friends will also be helped at some moment in their lives; because God shows Himself at the precise moment, in the way that is necessary so that His children may recognize Him, not only in religion, but also through the Kingdoms of Nature.

God is here, not only because His Son is. He is here before I am and before you are. God is part of this planet, He is the very Consciousness of this Creation. That is why I tell all of you and the whole world: do not offend God anymore, do not hurt Him, do not sacrifice Him, do not cause Him to die, take care of God, just as He takes care of you, in His deep and intimate silence and thus, My companions, you will be reborn. Amen.

This passage of My Divine Consciousness through this place cannot end here. Therefore, I will leave in this place, in this city, an operative base of missionary work, as well as a Monastery of this Order consecrated to My name, so that the souls of this city and the original peoples receive the aid they need, as well as those who arrive in pilgrimage, seeking an opportunity and a hope.

It is time, companions, for the Islands of Salvation to be established, those that will hold the synthesis of the project of the Creation of God, not in a specific place, but rather in the heart of the people, of those who have faith in the Supreme Creator.

This will be an inexhaustible and incalculable treasure, and all will be able to participate in those treasures through actions of Mercy, fraternity, goodness, providence, manifestation, healing, forgiveness, redemption, and reconciliation.

I have also come especially to Manaus, directly from Heaven, through this sacred moment granted by the Eternal Father, to consecrate new missionaries and to also offer them from the depths of My Heart the greatest Sacrament of reconciliation and union with Me, the Eucharist.

With joy, hope, and renewal, we stand up to accompany this moment of consecration.

May the spiritual light of these oils represent the testimony of the consecration and the renewal of souls, as well as the spiritual healing that souls need to take the steps.

Now I call here the assisting missionaries so that they may receive the consecration.

Incense.

Let us sing "Christ, You are Love" to accompany this consecration.

Now we are going to call the missionaries who will consecrate themselves as parent missionaries.

"My Lord"...

Those who can, may kneel to celebrate the Communion. We will listen to the instrumental, "Thus spoke the Master."

And now, I have placed Myself above you to bless you in this new task that you will start, which is a part of and is the work of My Divine Mercy for those who most suffer and have nothing, through your gestures of love and service sending a so much needed and urgent healing to humanity.

Thus, as My apostles, I gather you around My table, My poor and simple table, being received by the sacred womb of Creation, through nature and its Kingdoms, in order to celebrate not only a communion with My Body and with My Blood, but also with the essence of the Divine Project that from the origins, from the beginning, manifested and created you out of Love so that you may be happy in My Father and live in My Father, so that you may serve Him and know Him through living and experiencing degrees of love.

Today, your step before Me will permit the passage of many more souls into the missionary life, so that the spiritual relief of the Hierarchy and the awakening of consciousness in humanity may come to the world.

Thus, at that time, I was in a place similar to this one, gathered together with My apostles; but today, making a bridge of Light between time and space, I take you to the moment of My last Supper, so that you may remember, so that you may feel, and so that you may recognize the Supreme Will of God.

At that time, I took the bread, lifted it up so that God could bless it and the angels transubstantiate it into My Body. Then I broke it and gave it to My apostles, saying: "Take and eat, for this is My Body, that will be given by your Redeemer for the forgiveness of sins".

We praise You, Lord, and we bless You (repeated three times).

All commune, at this moment, of My spiritual Body so that the Mystical Church of God, through the Mystical Body of which it is formed in all souls, may be strengthened and expanded with all the Love of My Heart for the whole world. Amen.

I then took the Chalice into My Hands, raised it so that God could bless it and the angels transubstantiate it into My Blood, and then passed it to the apostles, saying: "Take and drink, this is the Chalice of My Blood, the Blood of the New Covenant, which will be shed by your Redeemer for the remission of faults. Do this in remembrance of Me."

We praise You, Lord, and we bless You (repeated three times).

United with our Lord Jesus Christ and with His Holy Celestial Church, we will repeat in humility and love the prayer that He taught us: Our Father (in Portuguese).

I will always leave you My Peace so that you may experience and share it with your brothers and sisters, because Peace will always lead you to Love, will fill your spirits and souls. Thus you will be renewed and will continue taking steps with trust and faith in God, so as to manifest His Plans

and above all, His Will.

May this Peace that descended into the apostles, even after My Resurrection, descend upon you today so that the gifts of the Holy Spirit may awaken the virtues of your hearts and make you participants in the service of love for humanity and for eternal life. Amen

You may stand.

In fraternity and love, in the name of Christ, you may give each other the greeting of peace.

I thank you for having been with Me in the Amazon.

The end of a sacred gathering has come at this moment.

I thank you!
