DAILY MESSAGE OF THE GLORIFIED CHRIST JESUS, TRANSMITTED IN THE MARIAN CENTER OF AURORA, PAYSANDU, URUGUAY, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

Series - Manifestation of Aurora - Part X

If all the previous stages are fulfilled, Aurora will be in a condition to express its task on the surface and, especially, its work with the principles of healing will be possible.

Each stage that is carried forward, within this project of the finalizing and manifestation of Aurora, will not only demonstrate to the Universe that the servers and the followers of the Work understand what the Hierarchy is talking about and requesting, but that there will also be different opportunities for Uruguay as a country, and for the region.

In this sense, it will be important that all collaborate in each one of the phases of the new manifestation of Aurora, regardless of whether they are part of a sustaining group or not. In this way, consciousnesses will be able to verify that when there is unity of purpose, it is possible to follow through with any request of the Hierarchy.

If that immediate and precise response exists, without leaving anything behind, the greater will be the awareness of the group purpose that will be built for the New Aurora.

I hope that each worker of the Plan knows the importance of building Aurora, day by day, until the purpose is accomplished, and of not ceasing to collaborate in all senses until everyone can see the Aurora Center manifested in its maximum splendor.

For this, the organization of the group through a monthly schedule that presents details, stage by stage, will help the whole Work become aware of the possible delays, as well as the different goals.

In this monthly chart, which will be attended to by an architect and by a builder, all of the Work will be up to date on what is lacking for finalizing each stage.

It is important that each server of the Work knows that, as the different phases of the manifestation of Aurora are completed, the treasures of the Hierarchy will also be established so that they may be active, helping humanity.

Each step in the manifestation of Aurora, the accompaniment and the sincere effort of the group toward the Hierarchy will grant that awaited opportunity for Uruguay and South America, something spiritual that Aurora has to offer to souls.

In this attitude of readiness, of immediate and prompt response; in this attitude that is truly fraternal toward Aurora, I invite you to be constant, without hesitation.

I thank all those who will make the new stage of Aurora possible!

Who blesses you,

Your Master, Christ Jesus
