Daily Message received in the city of Frankfurt, Germany, transmitted by the Glorified Christ Jesus to the visionary Friar Elías del Sagrado Corazón de Jesús

The time is approaching when the doors of the terrestrial hells will close and where the souls will pass from a level of suffering towards a level of Light and Mercy.

This will happen through the prayer column established on the surface of the Earth, an inner exercise that will sustain any consciousness and under any situation.

The Prayer for the Nations will continue to grow as a task and as a purpose and, each day that passes, more souls will be touched and called to participate in this luminous network of prayer, preciously formed by all the beings of prayer and goodwill of this planet.

This spiritual and, at the same time, human foundation, is what your Redeemer will use to prepare nations, people and cultures in order to welcome the second coming of your Redeemer.

This is the time to have knowledge of this internal purpose that is being carried out, day by day, in the life of those who participate in this proposal, and thus each prayer becomes a possible instrument that, in humility and selflessness, is capable of carrying forward the Love of God and His Messengers, to any part of the world and under any circumstance,

Magnificent is the internal network of prayer that unites nations and peoples, a network created and sheltered by the Heavenly Mother.

I thank you for keeping My Words in your heart!

Who blesses you,

Your Master and Lord, Christ Jesus
