**MESSAGE FOR THE SPECIAL APPARITION IN THE CITY OF SÃO JOSÉ DO RIO PRETO, SP, BRAZIL, TRANSMITTED BY THE MOST HOLY VIRGIN MARY OF PERPETUAL HELP TO THE VISIONARY SISTER LUCÍA**

Children of Mine:

I come today to your encounter as the Mother and Virgin of Perpetual Help because from the Heavens I have contemplated the need for assistance that exists in the world. The Lord listened to the pleadings of the souls that suffer and sorrow in this humanity, and for this He has sent His Savior Servant to assist the poor in spirit and in heart.

My beloveds, this world is already crossing the threshold of a new time and many can feel this change in their own interior. At the same time Infinite Graces descend from the Heavens; the Lord permits that His children be tried by all means and that from the depths of the interior may emerge all miseries.

But this takes place, My dear ones, because it is at this moment that all the assistance that you may need is available. For this, as the Mother of Perpetual Help I say to you to not fear to purify yourselves; that you do not resist in the face of the trials that come into your lives, but rather that you clamor for the Celestial assistance and that you cling to all the Graces and the Divine Instructions that the celestial Messengers have brought to the world in recent times

This is a unique moment for all of humanity. The Voice of God resounds through His Messengers in all corners of the world, so that there will be no one that will not have the opportunity of awakening and of finding help to live this transition that is initiated first in one's own inner world.

As Queen of Peace I invite you to live the Peace of the Heart of God in your little lives, and to bring this Peace to all those who lack this Divine attribute. The time has come for the peacemakers to raise their voices as the Messengers of God do, and to announce to the world that it is possible to have a life of profound Peace even in times of transition.

In every moment of your lives you ought to know to choose between participating in conflicts and collaborating with evil, and with overcoming the negative currents of the world and living the Peace, thus dissolving all the plans of the enemy.

The world needs Peace and those that come to My encounter receive from My Heart the intense Peace that exists in My Kingdom; they must be capable of persevering in this Peace and of setting the example to the world of how to reach it.

Children of Mine, these are not normal times for this world. When My eyes turn to Earth I feel in My Heart the suffering of My children and I find in the necessity of the world the valor to return again and again, and unwearied, give an impulse to your little hearts. Today I ask that you see the world by means of My eyes and that you feel through My heart the pain in which the souls live. Thus, you shall find the strength that you need to rise as many times as are necessary and attempt,

until the end of your lives, manifesting the Plans on Earth.

My beloved, today the Queen of Heaven comes to your encounter and says that God does not contemplate the number of falls of humanity, but rather the capacity of getting up and returning to comply with the Greater Will, independently of your weaknesses and imperfections.

As Mother of Perpetual Help I say to you that I am at your side and that I will be here always, helping you with that which you will need. All I need is that you call Me and clamor for My assistance, and soon after I will be visible to the eyes of the heart that seeks Me.

Today I place this entire city under My mantle and I embrace with love each one of My Children who with devotion and simplicity generate merits for the Salvation of all souls.

I thank you, My dears, for having responded once again to My call.

I am always in your little lives.

Your Mother, Mary, Holy and Virgin of Perpetual Help
