DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED IN THE CITY OF MIAMI, FLORIDA, UNITED STATES, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN?

My Son comes to bring the spiritual relief that hearts need so that a positive hope may be reborn within them.

Your Heavenly Mother accompanies you, to motivate you to continue forward with joy and rejoicing, because this will help hearts to be able to spiritually heal themselves.

It is in this way, dear children, that on this day, a ray of Grace descends over this region of the United States to consolidate within the spirits an opportunity for redemption and the elevation of consciousness.

The planetary reality makes of this humanity a race much in need of spiritual and moral balance.

For this reason, the Divine Messengers arrive in the United States to call hearts to the truth, to the recognition of the human condition, in which many are to be found today.

For this, the Hierarchy carries out a work of miracles with the goal of preparing all consciousnesses ahead of time, for the expected return of Christ.

At this moment, each effort will be important, because this will build the alliance of sleeping consciousnesses with the Creator.

I thank you for responding to My call.

Who blesses you on this day of mercy,

Your Mother Mary, Rose of Peace
