**Daily Message of Mary, Rose of Peace, transmitted in the Marian Center of Figueira, Minas Gerais, Brazil, to the visionary Friar Elías del Sagrado Corazón**

Dear children,

With inner prayer arises a beautiful flower that makes consciousness and life shine.

Prayer is a beautiful flower that opens and illuminates spaces; it is the expression of the love conceived by each being throughout their experiences.

Prayer makes each part of the consciousness more elevated. This allows atavistic forces to be released, because prayer brings to consciousness many realities as well as other matters.

Prayer is that portal that indicates the true and only path toward an encounter with peace and good.

Prayer is the mirror in which each soul is projected into the universe, and this draws new principles, because prayer makes each aspect of life something redeemable.

I thank you for responding to My call!

Who blesses you,

Your Mother Mary, Rose of Peace
