DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE CITY OF LOS COCOS, CÓRDOBA, ARGENTINA, TO THE VISIONARY SISTER LUCÍA DE JESÚS

Worthy of glory and praise is the Most High Lord, Who sent his Son to the world to redeem humanity! May all creatures dwell in the Lord now and forever!

Dear companions of My Chaste Heart,

Today I open your eyes to the spiritual and planetary reality that has wounded the Heart of God very much in the last century of the existence of humanity.

With the mission to Chaco, the Universe of God was before the opportunity of redemption of many situations that refer to the indigenous consciousness, the original peoples of the planet. However, so that this liberation does not overload a few, it is necessary prayer and conscious collaboration from all.

Throughout the last centuries, your brothers and sisters of the indigenous consciousness suffered from the cunning of the enemy of God, which have manifested in the planetary and material life as that which you call social injustices. These injustices are actually encouraged by the one who fights against the Divine Project on Earth and that, not only seeks to dispel the indigenous consciousness through the shortages and miseries that they live but also causes resentment to appear in their hearts.

This resentment was being transmitted from one generation to the next until very few remained in their original pacification and purity. It was in this way that conflicts and fights for possession and material resources led many souls, that should be guardians of sublime realities of the planet, to the hells and purgatories of this world.

With this humanitarian mission in Chaco, many hellish doors were opened to the rescue and rehabilitation of those souls, not only from Argentina but from all of America.

This fact, children, commits you as humanity because the loss of those souls was also caused by human actions.

It is for this reason that I ask you for greater awareness and prayerful spirit because, even though the acts performed in Chaco are simple, many evils can be balanced with the unity and adherence of everyone.

The planetary urgency calls on you to act and multiply your efforts. There is still much to be liberated on the planet and, with these two current missions, the consciousness of your group is beginning to understand the true performance of service, as well as of prayer.

If you live in the spirit of unity, many of your brothers and sisters that suffer in the underworlds of the planetary consciousness will be able to receive an opportunity to go through redemption in time.

Do not forget to dedicate some time to the true and heartfelt union with the missionaries; thus, many other doors will open for the liberation of the planet.

I love you and count on your prayers and your ignited hearts, as a doorway so that the Divine Mercy may descend to Earth.

Your father and friend, server and missionary of God,

The Most Chaste Saint Joseph
