DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED IN THE MARIAN CENTER OF AURORA, PAYSANDU, URUGUAY, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

While the Heavenly Father Saint Michael the Archangel works, on this day, for the silent liberation from the world's hell by means of the fervent prayers of His children, on the other hand, the Mother of God attracts towards Her Motherly Heart those who need inner love and light.

Therefore, each liturgy that is offered to the Prince of the Heavenly Militia today attracts to the world and to the consciousness of human beings the possibility of changing the events predicted for these times.

Each prayer offered spontaneously creates the possibility of confirming the love and service for others.

On the other hand, your Heavenly Mother collects the offerings of Her children in order to use them as a means of redemption for the human condition and the inner and spiritual condition.

Everything that is offered with love is contemplated with love by the Mother of Heaven.

I thank you for responding to My call!

Who blesses you,

Your Mother Mary, Rose of Peace
