DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE MARIAN CENTER OF FIGUEIRA, MINAS GERAIS, BRAZIL, TO THE VISIONARY SISTER LUCÍA DE JESÚS

During the 40 days in the desert, your Lord not only strengthened His Spirit and His union with the Father; He experienced for the first time the suffering of the entire world in His Heart and knew what it meant to carry the Cross of the sins of each being of this Earth.

His silence sustained His inner world and raised Him beyond human pain, for Him to reach the Heart of the Father and to know His Love would go beyond any sacrifice.

Today, child, you are invited to enter the desert of your heart, to there contemplate this planet, to prepare your inner world for that which will come, to experience within yourself what the transition of times is and, above all, to strengthen your union with God, entering His Heart and knowing there is nothing on this Earth which can surpass the necessity to reach the Father. His Love justifies all things.

Every effort, sacrifice and offering made with the heart are justified by the Love of God.

Every humiliation, emptiness, desert, loneliness and silence are justified by the Love of God.

Every service, tireless surrender, renunciation and trial are justified by the Love of God.

In the Love of God everything is dissolved and pacified, everything finds its meaning and its value, since within it all can be renewed. Therefore go, child, and seek that Love. It will be your sustenance, it will justify your existence, it shall be the meaning for your life on Earth.

Your Father and Friend,

The Most Chaste Saint Joseph
