**DAILY MESSAGE OF MARY, MOTHER OF THE DIVINE CONCEPTION OF THE TRINITY,
TRANSMITTED TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS**

As Mother of the Universe I bring you the Gift of the Holy Spirit and the Light of the stars. As Mother of the Universe I give you My Peace so that the love in your hearts may awaken in this time.

Today I invite you to distance yourselves from the abysses of life and to take a greater leap towards the Light of fraternity.

Dear children, the world carries much pain. Therefore you, through prayers and good actions, must carry the emblem of My Eternal Peace so that the conflicts in the hearts may end.

You must not lower your arms and give up, but raise them in the direction of the Universe of the Creator and cry out once more for Divine Mercy, thus God will listen to you.

Today I call you to awaken the humility of the heart by means of the Divine Light of Jesus because only through Jesus will your lives be able to learn the steps of humility.

Dear children, calling in your lives the essence of humility, you will be able to know which is the task that God sends to your hearts. Today God, through My Immaculate Heart reveals to you the task of the prayer of the heart so that you may be able to live the Celestial Peace within yourselves.

Today I invite you to be prayer in life and in actions so that through this prayer all of the causes that need Forgiveness and Mercy may be dissolved. The present moment merits the collaboration of all the Marian servers consecrated to My Immaculate Heart.

My children, while your lives are able to reflect good actions, faith will awaken as Light in many of My children, and humans will stop fighting with one another for their ambitions.

Whenever you feel lack of peace, observe, dear children, how your exercise of prayer is going.

I thank you!

Live in My Eternal Peace, only peace!

Thank you for responding to My call in spite of the circumstances.

Mary, Mother of the Divine Conception of the Trinity
