**MESSAGE FOR THE APPARITION IN ASUNCIÓN, IN PARAGUAY**  
TRANSMITTED BY THE VIRGIN MARY TO FRIAR ELÍAS:

Dear children:

Today I want that your hearts pray to God and that you recognize in the Will of the Lord a path for your conversion.

My children, may your hands donate themselves to the most needy, because the future of the good souls will be brought by your constant collaboration with the Plans of God. This exercise of donation is a path of love, surrender and service that is contemplated by all Creation when a soul disposes itself to live in the Will of God.

Dear children, so that you in this definitive time will recognize, feel and walk towards the Will of the Highest, your hearts must be under the power of prayer, under the Merciful Love of My Son that is so little contemplated by the hearts in the world. If you search to be in the Will of the Universal Father in this way also you will repair the Heavens, the causes that on the Earth are generated by humanity.

My children, the path of feeling and love of the Will of God is something that humanity is so far from, because of this God sends me so that through My Immaculate Heart you will recognize the merciful requests that God announces for His pilgrims and servers of Christ. In the Sacred Heart of Jesus your beings will find comfort and courage to live the changes that are necessary in the consciousnesses.

My children, may your prayer in the end of time prevail as a resplendent flame that may illuminate all the hearts that are empty because they feel the lack of love. This flame may be impregnated by the Light of the Holy Spirit, and each one waits for each child of God to say "yes" in order for humanity to be converted.

Dear children for this is necessary in this time the exercise of constancy and of Hope. May your hearts in Christ illumine the paths that you have defined walking for the love of God. May your beings reach the mystery of the conversion through the prayer of the heart.

My children, My Mother Heart is today here among you to offer you the path of guidance and of support towards My Son.

Many of My children ask themselves:

Why do they need to reach Jesus through My Heart?

Because this secure path that My Mother Heart offers you arose from the moment of the Cross in Calvary, and it was from this moment that My Heart of Faith said "yes" to the Lord, and thus the

Messiah arrived to redeem and convert the world.

For this, My children, from these moments, My Son entrusted to Me all of humanity and as a Mother I am here for all of you, for those most in need of mercy and of salvation.

Dear children, accepting the path of consecration to My Immaculate Heart, I will be thankful for your inner trust. May this day be invaded by the Light of the Holy Spirit within your hearts. May the Holy Spirit of God convert your beings into hearts of faith and love.

I give thanks to all My children of Paraguay who are answering to My call.

Maria, Mother of the Divine Conception of the Trinity.
