WEEKLY MESSAGE TRANSMITTED BY THE MOST HOLY QUEEN OF PEACE, IN THE MARIAN CENTER OF AURORA, TO THE VISIONARY SISTER LUCÍA

I want that in prayer you may surrender to Me your lives, and that in the silence you may offer to Me your difficulties, so that My Maternal Heart may transform them in new steps for your hearts.

I want that at My feet you may deposit your faults and your achievements, because any sincere offer is welcome to the Heart of God, be they miseries or acts of Mercy. Always when your heart makes an offer to God, it is converted into Salvation for the souls, because in the world, the souls need to surrender their faults to God, as much as they need to offer to Him merciful acts.

Today I want you to lift your arms towards Mine and permit that My holy hands touch yours and hold them firmly, renewing the commitment of your little hearts with My Immaculate Heart.

I want that you permit Me to come to your houses as a sweet perfume that arises in a beautiful morning of sun, I only need that you open the doors and windows of your inner dwellings, so that all may feel My Celestial aroma.

I want to renew you in My Heart, so that you may not lose Hope of coming to My Kingdom, even though the tests of the path are each time more intense.

I want to expand My Peace in the world through your hearts and for this, I need you to learn to pray and to love prayer, as an instrument of planetary radiation.

I want to help you in your daily difficulties, to help you to mature, always a little more, the heart and the spirit, and for this, the only thing that I ask you is that you love the trials and to live each one with total intensity, permitting them to purify up to the depths of your consciousnesses. If you do so, soon you will understand what I say to you today.

Be obedient to the indications of the heart, they will conduct you to the union with God and, little by little, will open the doors so that one day your ears may hear the Voice of the Creator resonating in the interior of your whole being.

I want that you be sincere in all the acts of life, that you be more conscious of each action. I want you to feel the repercussion of each act of a Marian soldier, because by saying yes to Me your works will have another weight before the Universe, and just as your prayers reach the entire world, so also your acts, thoughts and feelings are radiated throughout the world with great strength.

For this today, My children, I invite you above all to watch your own actions, thoughts and feelings. I invite you to act with consciousness and to think and feel many times the repercussions of your acts before committing some mistake.

Seek the Light of My Spirit before acting, in this way My sweet voice will whisper to your hearts what is the Will of God for these times.

Always be simple and be peacemakers. Be loving, pure and joyful of heart, in this way you will allow Me to always be among you.

I love you and I bless you always.

Mary, Mother and Queen of Peace
