Special Message of Mary, Rose of Peace and Universal Mother, transmitted in the Marian Center of Aurora, Paysandu, Uruguay, to the visionary Sister Lucía de Jesús

The heart that unites with God knows that the Celestial Truths are still kept behind the veils of the divine mysteries for this world; it knows that during these thousands of years of existence, humanity has been maturing in its spiritual growth in order to one day manifest the Purpose of God for the human heart.

Even though the majority of humankind is still not ready to know the Truth of God, the times are accelerating, and that Truth will be revealed and will cause the awakening and abrupt evolution of those who never wanted to open their eyes to the existence of Light.

Today, My children, I reveal to you the greatness of My Heart that, throughout the universe, reigns together with Christ, together with God, and leads His divine armies for the concretization of His Plans on this Earth and well beyond it.

I come opening the path for the Archangel Saint Michael because I am the One who directs the Will of God for His Father Creators, the co-creators of all things. And I have been like this since the manifestation of My existence, at the beginning of all life, anticipating the entire manifestation of Divine Creation.

Before becoming a divinized spirit, My Consciousness already dwelled in the Consciousness of God, as a maternal womb, from where comes the manifestation of Divine Thought. My Spirit was generated in the universe, in the Source of the Consciousness of God, just as in consciousness, I had already manifested Divine Thought to all the cosmos; as an incarnated spirit in His principal project, I was to give life to the One who would represent incarnated Divine Thought, the Word of God made flesh and man.

I know that many ignore this truth; thus, I come to speak to the world rather than to just a few, because arrogance and pride caused the humility of the hearts of human beings to disappear, and thus stopped them from contemplating on and believing in the greatness of Creation, while this manifests in their hearts.

The lack of humility in the human heart does not allow it to recognize its own smallness and the greatness of God, and for this reason, many compare His Son with common humanity and His Celestial Mother with a common human spirit, ignoring the possibility of God manifesting on Earth to guide the creation of this race, which should achieve likeness with Him.

For you to achieve likeness with God, and thus reach His spiritual and divine universe, He became flesh in both man and woman, and, in this way, showed all how to follow His steps; and through the Most Chaste Heart of Saint Joseph, the Creator demonstrated that if humanity follows and imitates the steps of His Son and of His Divine Mother, it can achieve His state of Divinity. It was in this way that Saint Joseph, as a man, gained likeness with God. And the only key that opened the doors for this great step was the sublime humility that His Heart expressed.

For this reason, today, children, in light of the Archangel Saint Michael, abandon the path of darkness and sin; free yourselves from ignorance and open to live according to the sacred humility that God offers you. In this way, you will be ready to listen to what I must tell you in the coming days.

I love you and I lead you to Divine Truth.

Your Mother Mary, Rose of Peace
