**DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED IN THE MARIAN CENTER OF THE CHILD KING, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN**

Dear children,

With maternal love today I pour the comforting warmth of My Immaculate Heart so that, renewed by the most pure principle of My Divine Conception, all your lives may someday reach the reflection of My consecration.

But the hour of your surrender has already arrived. Go without delay and prostrate yourselves at the feet of the Cross. My Son, that continues to be martyred, will give you the power of His inner fortress, so that in the end of times you may risk living the sacred apostolate of love.

Without love, the redemption of humanity will not be possible. Reevaluate in your consciousness the path you have chosen to live, near My Heart or far from It and distant from the accomplishment of My requests.

With the bravery and the inner strength that the prayer of the heart gives you, encourage yourselves to remove from your lives the gratification by means of good living or comfort. It is comfort and the sophisticated life that has brought the whole world to move away from the source of love and charity.

For this, children, serve without delay, God will not abandon you. The hour of your purification has come, do not fear being that which you have never been; be bearers of My Immaculate Spirit and in this way you will help Me to accomplish the sacred designs of the Creator.

While the world is convinced of that which it lives and that which material life offers to the poor sinful souls, I call you to seek inner happiness in sacrifice and in the absolute surrender to My Beloved Son Jesus.

If anyone answered to My humble requests, it would be the evident proof to God that this original project is worth for all Creation.

Do not deceive yourselves with your illusions, set your eyes in the Passion of the Lord and you will be safe from false offers, from living your own realization distant from the Will of the Most High.

You were born to love. You live to forgive. You work to serve permanently.

I thank you for answering to My call!

Who loves you,

Your Mother Mary, Rose of Peace
