Special daily Message of Mary, Rose of Peace, transmitted in the Sacred House of Mary, Madre Paulista, São Paulo, Brazil, to the visionary Friar Elías del Sagrado Corazón

Dear children,

Today I have come to ask you to continue praying the Holy Rosary every day, because just as I said it in Fatima, the wrath of God may be appeased through the loving prayer of all.

In this time, My children, this will not prevent all of humanity from being purified, because many of My children in the world still associate with the paths of evil. It is due to this extraordinary cause of salvation that Your Heavenly Mother suffers the pain and the ingratitude of the world, and at the same time, these feelings of perdition are transmuted by the instruments that the Mother of God chose, just as it was in all the Apparitions from the past.

Once again I come to Brazil, to collect from meek hearts all of the prayers and novenas that they are able to humbly offer Me. It will be through this sincere offering from all of My dear children that I will be able to intercede or at least alleviate the fear of death that many consciousnesses are suffering in these times of no peace.

For this reason, My children of Brazil, Your Heavenly Mother descends from Heaven, like in Fatima, to awaken the rays of devotion and of peace through the prayer of the Holy Rosary.

Children, in this cycle, may your lives be prayer, because if they are pure prayer, you will be devotion, and through holy devotion, the world will achieve the essence of peace.

With My right hand over My Immaculate Heart and My left hand reaching out to the world, I come to simply offer the path of the ray of devotion to all of My praying children. Your hearts can express that devotion, just like a flower that opens to receive the rays of the sun.

Dear children, My wish is that through the Rosary, your lives may already be different, filled by the streams of this ray of devotion; streams that spring from the Heart of Your Heavenly Mother, just as compassion, peace, elevation, hope and healing do.

My Children, do not fear the things of the world; the time has come for you to be My true servants of prayer; in this way, at least a part of humanity will not perish.

Let us continue to pray, always praying; Grace and Mercy are urgent for the world.

I love you. I contemplate you. I thank you for praying to My wounded Heart.

May Peace be in your beings,

Your Mother Mary, Rose of Peace
