Daily Message of Mary, Rose of Peace, transmitted in the city of Florianópolis, Santa Catarina, Brazil to the visionary Friar Elías del Sagrado Corazón

Dear children,

The Laws of the universe define all of planetary life, as well as the events foreseen for these times.

The life of permanent prayer could change those events and thus, souls would not have to suffer. But the response should be much greater in the face of all that is happening in this time.

Concordance with and adherence to the Plan will be fundamental for creatures; it will be in this way that souls will respond to the call and will not be able to say they did not know.

The opportunity for change and forgiveness will be granted to everyone, in the hope that hearts respond to the Greater Call.

We are at a critical moment for humanity, in which indifference, pride and false ownership conquer the minds of humankind through the actions of My adversary. It is in this way that consciousnesses are hypnotized, even though they live a spiritual life; their own ego draws them away from the true path that was thought of by the universe, and which it was proposed they travel.

When that path is not lived, the consciousness is in its own illusion and makes no effort to leave that human condition, even when knowing that this causes it to miss the opportunities provided to it by the universe.

In this hour, dear children, everything is at stake, and the consciousnesses most committed to the Plan, as well as those not so committed, are at the doorway of a great inner definition which will depend only on each one, without anyone's influence. For this reason, children, the moment has come for observing everything with more awareness and earnestness; this will place you on the correct path and you will be able to make the correct decision.

The time has come to give all for the Plan, because the tools are now in your hands so that you may work. It would be better if you asked yourselves how to use the knowledge received before applying it according to your own will. Those who have the tools in their hands and do not make them available to be used will find it more difficult to give of themselves and truly live the Plan.

Everything begins with the decision and with the awareness held about the true need of God.

I thank you for responding to My call!

Who wakes you up to the Greater Consciousness,

Your Mother Mary, Rose of Peace
