DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED IN THE MARIAN CENTER OF FIGUEIRA, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN

While I place My hands on you to intercede for the world before My Beloved Son, I ask you feel encouraged to love everything you live, without caring if you do not know how to do it.

Fervently love everything the Universe presents to you and I assure you that you will be happy.

You were born in this cycle to live the end of times and to learn from it, because in order for a new humanity to arise, everything must live its transition.

You, dear children of the planet, are this transition that you are already living within and outside of yourselves; you are this sacred experience in which the whole Universe is learning how to love, just as you are invited every day to love a little more.

I ask you that, with courage, humility, and service, you live as challenges these times that are unknown; if in this time when everything define itself you are awakened, you will be favored by a teaching that humanity has never lived.

With your hearts expanded in light, accompany these times without fearing what you will live or what you will learn about yourselves.

I leave you the opportunity, dear children, of taking your steps in consciousness and of learning how to give of yourselves above all else, because in the whole of this story is Christ, who commands you from His sincere and silent Heart.

I thank you for responding to these times!

Who blesses you,

Your Mother Mary, Rose of Peace
