Daily Message of Mary, Rose of Peace, transmitted in the Marian Center of Figueira, Minas Gerais, Brazil to the visionary Friar Elías del Sagrado Corazón

Dear children,

With the love of My children, I can carry out the Work of God on Earth.

It is the love of My children that gives impulse to the holy angels to carry out their unconditional service to humanity.

The love of My children helps to reverse impossible causes, because that love is united with the Source.

The love of My children builds the great bridges of light between the abysses and, your Mother, walking upon them, can go and rescue the souls submerged in those realities.

The love of My children can elevate the planetary consciousness; thus, all that weighs in humanity is also elevated and transmuted.

With the love of My children, the immaterial universes can draw closer to humanity, and thus is establish a communion with them.

In the love of My children lies the potential of the New Christs; of those souls that in other times and in other universes, were prepared for this cycle and for accomplishing this mission.

In the love of My children, I can work and make of this race a redeemed race.

I thank you for responding to My call!

Who loves you in the Love of God,

Your Mother Mary, Rose of Peace
