Daily message of Mary, Rose of Peace, transmitted in the Marian Center of Figueira, Minas Gerais, Brazil to the visionary Friar Elías del Sagrado Corazón

Third day of the novena:

"For the charity and altruistic service experienced by God, through His creatures, towards the Mineral, Plant, Animal and Human Kingdoms."

Dear children,

The service of human beings and of praying souls to all Creation creates merits in the planetary consciousness and contributes to the balance of the great debts generated to the Mineral, Plant, Animal, and Devic Kingdoms.

The charity that the Father reflects through His small creatures will always take place through the altruistic service that souls can experience through love for the Kingdoms of Nature.

In these times and before the great planetary imbalance caused by humanity by destroying the Kingdoms of Nature, an unbalanced debt, at times unpayable, is generated.

That is why the Father, through His Divine Messengers, stimulates the creation of groups of service and fraternity towards the Kingdoms of Nature in order to diminish the contrary effects that human beings generate against themselves when destroying and altering the life of the Kingdoms.

When at least one soul is conscious of the need of protecting and supporting the Younger Kingdoms, this touches the Heart of God, in knowing that there is still hope to fulfill this Project of redemption and rescue of the current humanity.

I thank you for responding to My call!

Who blesses you,

Your Mother Mary, Rose of Peace
