### **MESSAGE FOR THE APPARITION OF MARY, ROSE OF PEACE, TRANSMITTED IN THE MARIAN CENTER OF AURORA, PAYSANDU, URUGUAY, TO THE VISIONARY SISTER LUCÍA DE JESÚS, ON THE OCCASION OF THE COMMEMORATION OF THE DAY OF MARY, MOTHER OF THE DIVINE CONCEPTION OF THE TRINITY**

Behold, the Heavens opened, and the Lords of Time began a new cycle for the Earth. The Universes placed their eyes of Wisdom upon humankind, and That One, Who has no form and is in everything, contemplated with love the creatures of the Earth.

Today is one more day of the Silence of God, but His Silence transmits to humankind the Serenity and Peace of the Creator.

Blessed are those who enter into this peace and live in it the cycle that will come.

Behold, Heaven has opened, as it has opened and will open every December 31st, to announce to human hearts a new and only will, the renewal of the Plan of the Creator and His designs for creatures.

Heaven opened so that the Messenger of God might reach the Earth and Her Word is like a subtle and spiritual fire that transforms, but pacifies, hearts.

May minds become silent and hearts listen.

It is a time of definition, of seeing before your eyes the paths that are presented, and choose.

Do not be afraid of moving forward, but know, children, that before any step to be taken, the certainty that God is Who guides your step must be in your hearts.

Humanity has already grown and knows the consequences of its actions, as of its thoughts.

You have already experienced enough of life on Earth to know, today, that you must define your own steps.

Thus, before the Heavens that open over the Earth, find the silent gaze of the Creator, Who observes you, and proclaim to Him your own definition.

The time has come for a conversation with God, because the Creator needs to know whom He can count on in this last time.

His Plan will no longer be redefined in each instant, because the Heavens are already open and Mercy, but also Justice, are preparing to descend into the world.

The chalices of human consciousness are open and free to be filled by that which consciousnesses may have chosen to drink in these times.

Thus, My children, you are no longer infants, and you can no longer play with the evolution of the Earth.

I do not tell you to be afraid, I do not bring you terror, but rather the Gift of the Spirit of God, which is the consciousness of the fear of drawing away from His Path.

Take the Gift of the Fear of God and let it help you in this new and last cycle, so that you may know how to look into the Eyes of fire and silence of your Celestial Father and declare your own definition, your choice for this time.

Based on this, children, your Father and Creator will design for your lives that path that you chose to live, because His Love, unalterable, respects the choices of His creatures, no matter how imperfect and sometimes very immature they be.

Behold, today Heaven opens, and the silent gaze of God contemplates the world.

May creatures know how to perceive His Presence, and may they not begin this definitive cycle in blindness and in profound ignorance.

Pray today for those who lose themselves in the abysses of their own ignorance and in the festivities of this world, and have not perceived that the planet is in agony because of their indifference.

Pray for those who are alone, ill of spirit and of heart, and do not find meaning for their lives.

And also pray for those who will say "yes" to God and will begin this new cycle by His side, so that their faith may be greater than the temptations of the world, and the Greatness and Strength of God take the place of their smallness and human fragility.

I love you, I bless you, and invite you to look to Heaven that today is opening, and looking into the Eyes of the Creator, and proclaim your "yes" to His infinite Love.

Your Mother Mary, Rose of Peace and Mother of the Divine Conception of the Trinity
