**DAILY MESSAGE OF MARY, MOTHER OF THE DIVINE CONCEPTION OF THE TRINITY,
TRANSMITTED TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN**

Dear children,

Today I invite you to live in My Eternal Light. May My call resound in the depth of your little hearts. May humanity be reborn in the Hands of God so that it may be forgiven and converted to My Immaculate Heart.

For this, My little ones, the Lord wants to see you truly permeated by the essential prayer, a prayer that may transfigure your consciousnesses and convert you into worthy instruments of God.

I want to ask you, My little ones, that today you remain before My Merciful Face and that you leave your hearts open so that I may enter, and so that there may be life in them. I adore you all deeply, My dear ones, but remember all of those hearts that only seek the good life in the material life.

To dissolve from the hearts these great illusions that cause humanity to fall, I call you to deepen into the constructive meaning of a prayer that may elevate all those hearts distant from God. In this mission, My Immaculate Heart shall accompany you.

I accompany all the hearts in this inner goal of responding to My call.

For the perseverance and for the faith in My presence in your lives, thank you for responding to My call.

May the Divine Heavens be the new dwelling of the pure hearts.

Who adores you perpetually,

Mary, Mother of the Divine Conception of the Trinity
