**MESSAGE FOR THE ANNUAL APPARITION OF THE VIRGIN MARY, MOTHER OF THE DIVINE CONCEPTION OF THE TRINITY, TRANSMITTED IN THE MARIAN CENTER OF AURORA, PAYSANDU, URUGUAY, TO THE VISIONARY SISTER LUCÍA**

Within My Heart the hope of a New Aurora shines and, like a green emerald, from My chest emerges a sign that was sent by the Lord, as a response to the request for the healing of souls.

My children, those who on this day should open their hearts will receive special Graces because today the doors of Heaven are particularly open. Today a new cycle is born in the universe, in which you will be able to be renewed in the forgiveness and in the redemption of God.

It is time to definitely let go of the old vestments that no longer fit your body and, without shame, see yourselves naked before God, because when we allow ourselves to be true in the Eyes of the Creator, He can approach us and place upon us His own Mantle to cover our bodies.

My children, these are no longer times for fearing the unknown, for fearing to face that which will come; nor is it time to be indifferent to the revelations that the Lord sends you.

Open your hearts and your spirits so that, in this way, My Heart may receive a permission from humanity so that, from My own lips, revelations may emerge that up until today have been hidden and must be unveiled for the whole world.

My children, the only way the world will come out of the ignorance it is plunged in is to find in other hearts an example of faith and persistence. If each one, with the Will of spirit, decided to be an example for a neighbor, much could change, because My Word can only be emitted if there are hearts willing to hear it, and, even further, lovingly willing to follow it and practicing it in their lives.

If today My Heart celebrates six years of Apparitions with your small beings, know that, in the world, among you, are beings that live My Message, and make it possible for My Heart to renew the commitment with all of humanity.

If just a few hearts, which today live My requests and My instructions, made it possible for Me to be by their side during six years, imagine now how much I could do and where I could reach if other hearts lit up to this purpose of living Peace!

There is still much lacking so that the true Plan of God may be concretized in this world, and My journey on Earth must also be long, but the completeness of this Marian mission depends on the response of human beings.

For this reason, today, on the anniversary of My Apparitions, I ask that you really be renewed with Me and allow yourselves to take a new step toward God.

Do not wait for the example of a neighbor, but rather, through faith, ignite your hearts and each of

you be a torch that comes to illuminate the paths of those who are in darkness and do not even know in which direction they should take their first steps.

Come to Me, for I always await you.

I thank you for responding to My call.

Mary, Mother of the Divine Conception of the Trinity and Queen of the New Aurora
