Daily message of Mary, Rose of Peace, transmitted in the city of Managua, Nicaragua to the visionary Friar Elías del Sagrado Corazón

Dear children,

When an alliance between Heaven and Earth is established many internal things come into play. This is due to the simple fact that there is a liberation from the chaos so that this alliance is possible, and because, at the same time, the servants closest to Me offer themselves entirely in life to generate the planetary redemption at whatever cost.

Thus, the permanent sacrifice and the service that makes you strong and invincible takes place, not because of your strengths or abilities. These consciousnesses, without perceiving it, receive an inner strength from the Holy Spirit to be able to take forward the different phases of the Will of God.

That is why, beloved children, in order to establish once again the alliance that Earth lost with Heaven and with the whole universe, it will be necessary that the new apostles offer themselves to experience indelible things, to the point of serving and performing tasks never experienced before. But know, My children, that although it does not seem or feel like it, your Heavenly Mother is on top of all this mission, following you from Her maternal silence and taking care of each detail.

This union, which has been built among My praying children, inexplicably allowed the debts of the nations to be miraculously liberated and relieved to avoid losing more souls into the planetary abysses. It is thus that I guide you and I do not leave you alone, because I know that within My Love you will be able to serve God, your Father of Love.

I thank you for responding to My call!

Who impels you to a greater service,

Your Mother Mary, Rose of Peace
