DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE MARIAN CENTER OF AURORA, TO THE VISIONARY SISTER LUCÍA DE JESÚS???

Walk with bare feet, symbolizing the detachment of results and the surrender of all the goals in your paths.

Unite to the Purpose of God and to His Rescue Plan and let the Creator be in charge of everything else.

Be a proclaimer of the Mercy of Christ in all of your acts, thoughts, words, feelings and aspirations. Never lose sight the fount of Mercy and be merciful, as a good and true disciple of Your Lord.

Do not let the daily demands prevent you to serve the others. Do not let your rush close your eyes to what you have beside you and not allow you to see the Kingdoms of Nature asking for your assistance.

Live with attention and watch your steps, seeking, in each second, where the Lord awaits you and what His need is that you will supply.

Allow yourself to be a servant of the God that inhabits in all beings and in all Kingdoms of Nature and do not proclaim His Presence only with words, but, above all, with the pure example of your actions.

Seek to understand the others and live under the Law of Love or, at least, try to live it every day.

The world is collapsing, with a humanity that does not know how to love, even though it has a unique opportunity, in the whole universe, of learning about love. Be, yourself, the one that impels the step of this race. Do not wait for the transformation of others, but only remember yourself, every day, that the transformation of those who are around you comes from you.

Be what you seek in others and, before asking anything from your neighbor, ask it first of yourself and deliver to others a loving and silent example of life.

Unite every day to those who are true from the heart. Pray for this world and transform yourself also for it, because the Project of God needs to fulfill itself in you and in the whole planet. Today I ask that you unite to all Christians that, sincere in their hearts, aspire to find peace.

Pray and fast as you can on the day of tomorrow, answering to the Call of God.

Be true in your prayers and seek to pray not with emotions, but with the spirit and with the heart. Feel, in the depth of your being, the Sorrow of God for all that happens in the world and let yourselves be impelled to a true transformation.

Peace expands itself in the planet by means of the peaceful hearts that can live it.

May all hearts of the world be united to proclaim peace.

Saint Joseph, Peacemaker and Humble Servant of the Most High God
