DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE CITY OF FLORIANOPOLIS, SC, BRAZIL, TO THE VISIONARY SISTER LUCÍA DE JESÚS?

Dear companions of My Chaste Heart,

The one among you who aspires to move with wisdom through the times that will come must observe, right away, the planetary events and try to learn with everything, try to find peace in the situations of pain and chaos.

Children, most of you have the grace of deepening first in your own transformation before facing the processes of planetary purification. This is so because you must set the bases so that others be able to live them in harmony. You are creating the conditions so that your brothers and sisters who still live in ignorance be able to awaken.

In the meanwhile, the Creator permits other soldiers of His to live the consequences of chaos. But you must live them, children, as a unique learning that will help others in the future. You must use the works of chaos to strengthen your own inner world and not let the enemy defeat you with his plans of destabilization.

The Mercy of Christ is trying to refrain to the utmost the work of chaos and Justice, but the nations as a whole do not seek this Mercy and do not pray for peace to be established; on the contrary, darkness reigns in many hearts that should be ambassadors of peace and harmony for the nations of this planet.

This is why, My dear ones, you must now accompany the planetary events with wisdom; know that every trial strengthens you and develops in you the potential to love, which otherwise has never emerged from your interior.

Be Strong and let your own faith ignite the faith in the hearts of your brothers and sisters. See, in these events, that there is no other way out but the Heart of the Father, and conduct other souls to be nourished from this source. You will find there the supply for every lack, and will discover that, when you have faith, the life of the spirit can supply what you need in matter.

Make of poverty the greatness of the spirit. Let the heart experience forgiveness and piety, understand the ignorant and forgive those in mistake, redeem the lost ones and bring life to those who die in spirit.

Thank God for the opportunity to practice the instructions of His Messengers and make of the defeat in this world the victory of Christ.

What the opponent does not know, children, is that true love arises also from the material weaknesses and that the grace of forgiveness and of mercy transcends what has been lived in matter.

See the example of the Master and do not fear to imitate Him.

God is at your side, because you are at the side of God.

The one who loves and guides you,

Most Chaste Saint Joseph
