WEEKLY MESSAGE OF SAINT JOSEPH, TRANSMITTED DURING THE TRIP BETWEEN THE CITIES OF PORTO ALEGRE AND SAO PAULO, BRAZIL, TO THE VISIONARY SISTER LUCÍA DE JESÚS

As long as the world agonizes, son, just pray and let your heart reach God.

The suffering will be great, and many will repent too late for not having looked to the Sky. May nothing disturb you, may nothing shake you or make you lose faith.

Put your heart in the goal of a new life, which will only arise in the world when it has purified itself, and from its fertile soil is removed that which prevented the growth of the seeds of light, deposited there by God.

Be sure, My son, that after all the purification, supported with love and hope, a new sun will come, a new life, a new opportunity to begin again with greater humility and surrender to God.

Your purification will reveal to you what needs to be transformed and healed within you, so that, knowing everything that it is not and that you thought to be, your heart may head towards the unveiling of the truth.

In the same way, the planet will also know everything that it is not and that it thought to be, for its arrogance and distance from God. Not everyone will have the strength to seek the truth and many will lose their mind for not having a reference in reality. But you, son, must be an eternal seeker of what is real, so that those who are blind, may find in you a light to persevere in life, in the true life, that comes from God, not from man. Therefore, do not tire of persisting and building within yourself a path to Truth.

Do not get sad for thinking that what you do is too little, when you barely transform yourself and, in truth, you would like to transform the world. What is real consolidates in the small and endures for centuries and in eternity.

Therefore, trust that the greatest service is to purify yourself first, persist and renounce the illusion every day, before the world is destabilized, so that, in this way, you may be a bearer of a Superior Life. When the time comes, you will understand that it was in the silence and in the anonymity that your service made the greatest echo in the planetary life and, beyond it, entered the Universes.

He who helps you to persevere and overcome yourself, your Father and always Companion,

Most Chaste Saint Joseph
