WEEKLY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE MARIAN CENTER OF FIGUEIRA, MINAS GERAIS, BRAZIL, TO THE VISIONARY SISTER LUCÍA DE JESÚS

Put your heart into prayer and sustain peace. In spite of everything that is taking place in the world, child, if there is no peace in hearts, there is no way to open the doors for the action of a Higher Law, higher than everything that rules life on Earth today. For this reason, observe the world not with indifference or with eyes of illusion: see the events with true sight, of one who recognizes the planetary situation, but also knows that the Will of God will triumph beyond the chaos, and that what is most important in these times is to pray and work for the rescue of souls and of essences.

Keep your heart in peace and only obey the Purposes that descend from Heaven to guide souls. One day it will be necessary that there be conscious beings, within the chaos, to create a bridge there with the Universe of God, so that the Rays and the Divine Laws that will assist humanity can descend. But in order that the Creator can truly count on His children, these need to grow and mature in spirit, which means to be increasingly united with Divine Consciousness and to His Holy Celestial Will.

If you learn to obey, child, everything will be fulfilled just as God has designed for you and, as the Son of Man has said: *"A thousand shall fall at your left hand and ten thousand at your right, but you will not be struck"*. With this, the Lord was saying that spiritual fortitude, when it is real, is not shaken by the chaos of the world, with planetary purification nor even with its own. Thus, be ready to perceive that the moment so long expected by both Heaven and Earth has come. And even without being prepared for it, human beings will live it.

If you are part of a conscious minority of planetary reality, give thanks and allow yourself to be guided. Today, acute events are far from you because God is guiding you on the correct path. But tomorrow, child, this path may become narrower, because everything will happen beside you, and your steps must be ever straighter and more precise.

There is still time for you to awaken and to grow in spirit. Pray without ceasing, so that up to the last space of your consciousness, which has still not surrendered to God, is able to do so. In this way, My child, you will not run the risk of miss-stepping at the last minute because a hidden part of your consciousness had not been defined.

Seek to transform your depths, in the small and in the hidden, in order to reach the large. Carry peace to the most hidden spaces of your being and defeat those resistances that, in truth, reveal the fear that you still have of loving and of surrendering your heart to God.

Follow the steps of the Celestial Messengers and trust that everything will be built in you - even though you may not perceive it - so that you may be a triumph of God in this world of so much apparent darkness.

Your Father and Friend,

Who helps you to grow and always warns you,

The Most Chaste Saint Joseph
